

SECTION 1410 - CLEAN UP

PART 1 - GENERAL

1.1 SCOPE OF WORK:

Provide all labor, materials, equipment and services required for clean up activities specified herein.

1.2 RELATED WORK:

Grading and Seeding: Section 1120

PART 2 - EXECUTION

2.1 CLEAN UP:

The CONTRACTOR shall remove surplus excavation material and materials for construction as the work progresses, and shall render the street suitable, safe and convenient for traffic. Before final acceptance of the work, the CONTRACTOR shall clean the street surface, walks, gutters, fences, lawns, private property, right-of-way, and all of the structures, leaving them in as good condition as originally found, and shall remove all machinery, tools, surplus materials, temporary buildings and other structures, from the site of the work. Furthermore, the sewers, manholes, lampholes, etc., that may have been interfered with, remodeled, raised or lowered shall be cleared of all scaffolding, rubbish, dirt or other debris.

PART 3 - BASIS OF PAYMENT

Clean up is **not** a pay item.

END OF SECTION
